

2020 FALL MEETING SERIES

In an effort to continue bringing membership quality and timely intelligence with regard to public policy affecting the Lone Star State, the TBLC has moved its Fall Meeting online. This zoom series will consist of four webinar style discussions from Texas and the nation's leaders on water, the election, immigration, and education policy. We invite you to join us for the entire series or for you to choose your favorite topics to engage with us. These are interesting times and business leaders are acutely aware of the importance our insight has when crafting policy at all levels.
